6:05   Review Action Item Progress Report   All Responsible

6:15   Adjourn

Next Meeting: To Be Announced

DRAFT AGENDA
COMMUNITY ENVIRONMENTAL WORKING GROUP
"Striving for Continuous Environmental Improvements at Intel"

Future Agenda Items

1. Intel Operations with Respect to Chemical Emissions
   o Monitoring
   o Just-in-Time Delivery
   o Stack Testing
   o Response Protocol for Odors

2. Emergency Management/Notification:
   o Intel's response to request for regular notification in local media
   o Review of CEWG's historical efforts on this topic, such as the Report that came out of the work of the Code Red Committee, etc.
   o Review of current emergency management standards, such as timing of notifications, etc.
   o Review of emerging research on this topic, such as the false alarm effect, etc.
   o Intel's Emergency Response Contingency Plan Presentation
   o Presentation by Dennis O'Mara on the LEPC and Sandoval County All Hazards Emergency Operations Plan and efforts to update it and have it adopted
   o Consideration of a warning system tied to Code Red

3. Air Monitoring:
   o Discuss what air or other monitoring is sufficient---monitors, locations and duration of monitoring---as well as the meaning and best use of the data gathered
   o Discuss data quality from items to monitor air particulates
   o Discuss small air quality monitoring systems
   o If the National Guard indicates interest, work with the Guard to resume documenting conditions for testing, chemicals, guidance for testing, and testing rationale.

4. Dying Plants:
   o Consider having Agricultural Extension Service come up to discuss

5. Breathing Issues:
   o Discuss survey regarding breathing issues at Buena Vista apartment complex
   o Discuss a future agenda item on a survey asking about people's breathing, how long it took them to go on oxygen, to what degree they were on it, etc.
