All Responsible

**7:00 Adjourn**

**Next Meeting: September 15, 2021**

**DRAFT AGENDA**  
**COMMUNITY ENVIRONMENTAL WORKING GROUP**  
*“Striving for Continuous Environmental Improvements at Intel”*

**Future Agenda Items**

1. Intel Operations with Respect to Chemical Emissions
  - Monitoring
  - Just-in-Time Delivery
  - Stack Testing
  - Response Protocol for Odors
  - Intel’s Greenhouse Gas Report
  
2. Emergency Management/Notification:
  - Intel’s response to request for regular notification in local media
  - Review of CEWG’s historical efforts on this topic, such as the Report that came out of the work of the Code Red Committee, etc.
  - Review of current emergency management standards, such as timing of notifications, etc.
  - Review of emerging research on this topic, such as the false alarm effect, etc.
  - Intel’s Emergency Response Contingency Plan Presentation
  - Presentation by Dennis O’Mara on the LEPC and Sandoval County All Hazards Emergency Operations Plan and efforts to update it and have it adopted
  - Consideration of a warning system tied to Code Red
  
3. Air Monitoring:
  - Discuss what air or other monitoring is sufficient---monitors, locations and duration of monitoring---as well as the meaning and best use of the data gathered
  - Discuss data quality from items to monitor air particulates
  - Discuss small air quality monitoring systems
  - If the National Guard indicates interest, work with the Guard to resume documenting conditions for testing, chemicals, guidance for testing, and testing rationale.
  
4. Dying Plants:
  - Consider having Agricultural Extension Service come up to discuss
  
5. Breathing Issues:
  - Discuss survey regarding breathing issues at Buena Vista apartment complex
  - Discuss a future agenda item on a survey asking about people’s breathing, how long it took them to go on oxygen, to what degree they were on it, etc.
