5:30 Intel Oregon Permit Submissions Emily Schmick
Discussion pursuant to issues raised at last month’s CEWG meeting related Intel Oregon’s particulate and NOx emissions and permitting.

5:55 CAFA - Now Dennis O’Mara

6:00-6:30 Potential In-Person Meeting / Planning Retreat / CEWG Structure Marc Kolman
Discussion of why an in-person meeting or retreat could be useful and desired. There are several aspects to holding an event such as this. Our purpose in this discussion will be to identify the purpose and intent (ie, why meet) rather than logistics (ie, when and where). A question that is emerging at this point is whether to continue CEWG as it has been structured until now as a member-organization or to adopt a different organizational structure as a non-member forum for specific presentations, reports, or concerns.
