# Our New Mexico sustainability efforts

> 90%

Our Fab 9 construction project is on track to **meet our goal to recycle at least 90% of construction waste**, exceeding the goal in November and December 2023.

100 M

**Gallons of water restored** by Intel-funded water restoration projects in 2022

500 M

**Gallons of water conserved** by the New Mexico site in 2022

100%

Intel purchases green power from our utility suppliers and purchases green attributes from multiple sources **to meet 100% of our New Mexico electricity use.**
